

CONTOUR RAIL

Compact and attractive hanging system

"Less rail, more art". Contour Rail gets the job done in spite of its minimal dimensions, and has an attractive, sleek design. Hanging pictures, or hanging and moving framed photos is easy thanks to the Contour Rail. Using the clips, the picture rails may be mounted to the wall (minimum distance from the ceiling: 15 mm). In addition to the aluminium version of the rail, the available model in white may be painted in any colour. The refined style of the 1 mm Twister hanging wires with Micro Grip 1 mm suspension hook make them a perfect match for the compact shape of this hanging system.

CONTOUR RAIL GLUED

Contour Rail glued - hanging without drilling

Looking for a compact hanging rail that 'disappears' in a room? Contour Rail offers the solution: the rail can also be mounted to the ceiling using glue. Thanks to the special design, the glue may be applied in and on the profile in the desired manner. When the Contour Rail is glued and painted in the same colour as the wall, it becomes inconspicuous while still offering all the advantages of a flexible hanging system: the ability to hang and move pictures without damaging the walls.
